Labuan Road speed limit lowered to improve safety

In response to significant road trauma incidents, the speed limit of Labuan Road from Katamatite-Shepparton Road through to the Murray Valley Highway will be **lowered to 80km/h as of Wednesday 18**

October 2023. This decision was made from Council in collaboration with the Department of Transport and Planning to take actions to enhance our road safety.

This decision is aligned with the objectives of the Victoria Road Safety Strategy 2030, aiming to create safer rural roads for all users.

The implementation of the reduced speed limit is expected to contribute to a decrease in the frequency and severity of road crashes in this area.

Free Mulch Day

Council are holding free mulch days, where you can get mulch loaded onto your ute or trailer to get your garden ready for summer months.

Sunday 15 October 2023

Cobram Resource Recovery Centre

Why mulch? It helps to retain water and provide a natural barrier to suppress weeds, eventually breaking down into the underlying soil thereby improving your soil's texture.
