MESSAGE FROM THE MAYOR AND CEO

This draft budget was prepared prior to the COVID-19 pandemic and as such does not address the many and varied questions and concerns our communities across the shire have in relation to this serious issue.

Moira Shire has nearly 30,000 residents distributed across a large land area and this is always a key consideration in developing Council's annual budget and four-year Strategic Resource Plan (SRP).

To provide our communities with equitable access to services, the same or similar services are provided in multiple locations and as a result our service delivery relies on a large number of assets.

It is vital, especially during times of crisis, Council provides a solid framework from which our communities will not only survive, but be able to rebuild quickly and efficiently and this budget will provide that framework.

Council maintains 28 recreation reserves, showgrounds and swimming pools, more than 150 parks, gardens, playgrounds and public toilets, four libraries, a mobile library service and nine waste transfer stations.

We employ both directly and indirectly hundreds of people and the flow-on effect from our stable financial platform provides genuine economic benefit to the whole shire.

The multi-year investment program is comprehensively reviewed each year as we develop our budgets and the four-year Strategic Resource Plan to reflect community demands, outside influences and natural disasters.

The review process recognises the changing needs and population shifts within and across the shire and ensures we continue to achieve our Council Plan priorities –

- A great place to live;
- A thriving local economy;
- A clean green environment, and;
- A well run council.

Seeking community feedback

Council will seek feedback on the draft budget during late April/May.

The feedback will be considered by Council prior to adopting the budget and SRP with or without amendment at a future council meeting.

We look forward to working with our community to confirm and deliver the 2020/21 budget and Strategic Resource Plan.

1. LINK TO THE COUNCIL PLAN

This section describes how the Annual Budget links to the achievement of the Council Plan within an overall planning and reporting framework. This framework guides the Council in identifying community needs and aspirations over the long term, medium term (Council Plan) and short term (Annual Budget) and then holding itself accountable (Annual Report).

1.1 LEGISLATIVE PLANNING AND ACCOUNTABILITY FRAMEWORK

The Strategic Resource Plan, part of and prepared in conjunction with the Council Plan, is a rolling four-year plan that outlines the financial and non-financial resources that Council requires to achieve the strategic objectives described in the Council Plan. The Annual Budget is framed within the Strategic Resource Plan, considering the services and initiatives, which contribute to achieving the strategic objectives specified in the Council Plan. The diagram below depicts the planning and accountability framework that applies to local government in Victoria.

Feeding in to the above, Council has a long-term plan, which articulates a community vision, mission and values. The Council Plan is prepared with reference to Council's long term Community Plan.

The timing of each component of the planning framework is critical to the successful achievement of the planned outcomes.

1.1.2KEY PLANNING CONSIDERATIONS

Service Level Planning

Although councils have a legal obligation to provide some services— such as animal management, local roads, food safety and statutory planning—most council services are not legally mandated, including some services closely associated with councils, such as libraries, building permits and sporting facilities. Further, over time, the needs and expectations of communities can change. Therefore, councils need to have robust processes for service planning and review to ensure all services continue to provide value for money and are in line with community expectations. In doing so, councils should engage with communities to determine how to prioritise resources and balance service provision against other responsibilities such as asset maintenance and capital works.

1.2 OUR PURPOSE

Our vision

Working together to be a vibrant and prosperous rural community

Our values

We will provide local leadership underpinned by a governance framework comprising these guiding values and behaviours.

Ethical leadership underpins our decision-making and operations. At all levels, we seek to ensure there is an appropriate balance between the values-based organisational culture described by our value and underlying behaviours.

Respect

Teamwork

Honesty

Integrity

Accountability

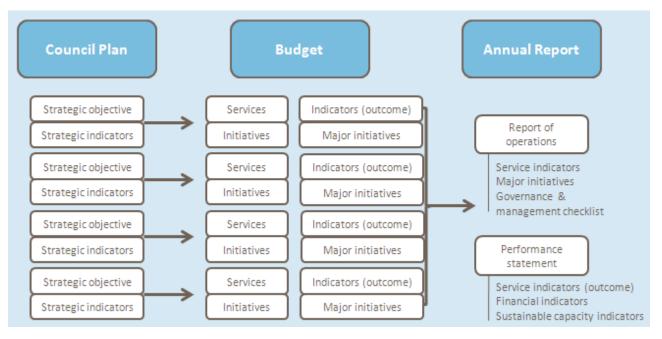

1.3 STRATEGIC OBJECTIVES

The Moira Shire Council Plan 2017-2021 centres around four key strategic objectives. These strategic objectives assist Council to make the most of our regional advantages and include aspects both internal to Council as well as those that are community aspirations.

| Strategic Objective | Description |
|--|--|
| A great place to live. | We will have a connected and welcoming Shire for all by providing well- planned places and quality services. |
| A thriving local economy. | We will support local businesses and attract new investment to generate employment opportunities. |
| A clean green environment. | We will work with our community and stakeholders for an environmentally sustainable future. |
| 4. A well run Council. | We will implement a transparent, engaging and accountable governance structure for current and future generations. |

2. SERVICES AND INITIATIVES AND SERVICES PERFORMANCE OUT INDICATORS

This section provides a description of the services and initiatives to be funded in the Budget for the 2020/21 year and how these will contribute to achieving the strategic objectives outlined in the Council Plan. It also describes several initiatives and service performance outcome indicators for key areas of Council's operations. Council is required by legislation to identify major initiatives, initiatives and service performance outcome indicators in the Budget and report against them in their Annual Report to support transparency and accountability. The relationship between these accountability requirements in the Council Plan, the Budget and the Annual Report is shown below.

4. NOTES TO THE FINANCIAL STATEMENTS

This section presents detailed information on material components of the financial statements. Council needs to assess which components are material, considering the dollar amounts and nature of these components.

4.1 COMPREHENSIVE INCOME STATEMENT

4.1.1 Rates and Charges

Rates and charges are required by the Act and the Regulations to be disclosed in Council's annual budget.

In developing the Strategic Resource Plan, rates and charges were identified as an important source of revenue. Planning for future rate increases has therefore been an important component of the Strategic Resource Planning process. The Fair Go Rates System (FGRS) sets out the maximum amount councils may increase rates in a year. For 2020/21 the FGRS cap has been set at 2.0%. The cap applies to both general rates and municipal charges and is calculated on the basis of council's average rates and charges.

The level of required rates and charges has been considered in this context, with reference to Council's other sources of income and the planned expenditure on services and works to be undertaken for the community.

To achieve these objectives while maintaining service levels and a strong capital expenditure program, the average general rate and the municipal charge will increase by 2.0% in line with the rate cap.

This will raise total general rates and municipal charges for 2020/21 to \$30,385,000.

4.1.1(a) The reconciliation of the total rates and charges to the Comprehensive Income Statement is as follows:

| Type or class of land | 2019/20 | 2020/21 | Chang | е |
|--|---------|---------|--------|---------|
| Type of class of fatio | \$'000 | \$'000 | \$'000 | % |
| General rates* | 24,119 | 24,564 | 446 | 1.85% |
| Municipal charge* | 5,685 | 5,820 | 135 | 2.38% |
| Waste management charges | 7,616 | 7,905 | 289 | 3.8% |
| Supplementary rates and rate adjustments | 385 | 147 | (238) | (61.8%) |
| Interest on rates and charges | 118 | 110 | (8) | (6.9%) |
| Revenue in lieu of rates** | 181 | 184 | 3 | 1.7% |
| Total rates and charges | 38,104 | 38,730 | 626 | 1.64% |

^{*}These items are subject to the rate cap established under the FGRS system. The Budget 2020/21 includes the impact of prior year supplementary rates and rate adjustments in calculating the total percentage increase.

^{**}Revenue in lieu of rates includes income received under s94 (6A) of the Electricity Industry Act 2000 for renewable energy generators (solar farms).

4.1.1(m) Any significant changes that may affect the estimated amounts to be raised by rates and charges

There are no known significant changes which may affect the estimated amounts to be raised by rates and charges. However, the total amount to be raised by rates and charges may be affected by:

- The making of supplementary valuations (2020-21: \$147,000 and 2019-20: \$385,000)
- The variation of returned levels of value (e.g. valuation appeals)
- Changes of use of land such that rateable land becomes non-rateable land and vice versa
- Changes of use of land such that residential land becomes business land and vice versa.

4.1.1(n) Differential rates

General Rates

A general rate be declared in respect of the 2020-21 Financial Year.

It be further declared that the general rate be raised by the application of differential rates. Each differential rate will be determined by multiplying the Capital Improved Value of rateable land (categorised by the characteristics described below) by the relevant percentages in Note 4.1.1(b).

Council believes each differential rate will contribute to the equitable and efficient carrying out of council functions.

A differential rate be respectively declared for rateable land having the respective characteristics specified below, which characteristics will form the criteria for each differential rate so declared:

a) Residential Building Land

Any land:

- (i) on which a building designed or adapted for human occupation is erected; and
- (ii) which does not have the characteristics of:
 - Farm Building Land
 - Commercial Building Land
 - Industrial Building Land or
