It is encouraged that you provide a number of different contact methods to ensure in the event of a lost animal we are able to make immediate contact with you to reunite you with your pet.

Once you submit online, your application will be processed by our Safety and Amenity team. If all details and supporting documentation are correct you will receive your pet's new tag and confirmation of registration in the post a few days later. The identification tag is required to be on your dog or cat at all times.
