## Numurkah Skate Park Beginners Area - Community Survey

#	RESPONSES	DATE
1	<b>-location</b> It is too close to a major road. I can see accidents just waiting to happen. The children are not supervised.	2/27/2021 5:03 PM
2	<b>-location</b> It's in the wrong location. The amenity of the creek frontage is being destroyed. There are numerous safety issues-refer to objection email.	2/27/2021 1:47 PM
3	<b>+general</b> Great for the town!	2/27/2021 1:18 PM
4	<b>-location</b> i think that the little kids should be over near the bbq & playground area. this is way too close to the road & i presume it has been moved to here because of one person's complaints that complains about everything & you idiots let them get away with it every time	2/25/2021 4:53 PM
5	<b>+extras</b> <b>+general</b> I think it is a positive development for the local community and see it as an opportunity to attract young families to this particular recreation area assuming very young skaters would attend with some supervision by parents or adults. I would STRONGLY recommend that the plans include provision of a shaded retreat if this project is sincere in looking after the interests of the community from a sun-safe perspective as well as a haven where adults can rest and view. Hope to see this incorporated.	2/24/2021 11:59 AM
6	<b>+general</b> It's a safe idea to extend and have additional sections. We love the skate park!!	2/22/2021 6:05 PM
7	<b>-location</b> It is unsafe to extend according to these plans. There is no provision for car parking and small children will be getting out of cars on a busy main road, used by people from golf club, football oval ect. This extension brings it closer to Melville St. Constantly used by Ambulance and Fire Brigade at high speed. Small children and parents have to cross a busy road to toilet facilities. Accident waiting to happen. Might be safer to extend out the other end and provide safe parking.	2/18/2021 8:37 AM
8	<b>+general</b> Great idea to give our youth a place they can enjoy and be physically active	2/15/2021 9:48 PM
9	<b>-location</b> I think it's a great option for the beginners but it needs to be across the road towards the bbqs . It's getting to close to the tocumwal Tunnock rd corner as it is children regularly spill out onto the road and parents cars need to park in a safer location like around the corner at bbqs of the main busy Tunnock rd it just makes a lot of common sense for this plan not to go ahead and be built across the road	2/12/2021 4:10 PM
10	<b>+extras</b> Shade cloth over skate park	2/11/2021 7:23 PM
11	<b>+extras</b> A public drinking fountain is needed and some sun shading	2/11/2021 7:23 AM
12	<b>+extras</b> Large wifi speakers for 24hr music please	2/10/2021 3:36 PM
13	<b>+extras</b> It would be nice if the exiting sign is straightend up	2/10/2021 2:01 PM
14	<b>+general</b> Very much needed.	2/10/2021 7:58 AM
15	<b>+general</b> Please build ! Kids active V Kids Stationary No Brainer .....	2/9/2021 10:13 PM
16	<b>+extras</b> <b>design ideas</b> Are A should be 5mt h area C should be 4 metres. Many younger kids won't be confident in using the A edge until more experienced.	2/9/2021 9:54 PM
17	<b>+extras</b> Shade cloth over the park	2/9/2021 5:37 PM
18	<b>+general</b> The skate park has needed an upgrade for years!	2/9/2021 5:07 PM
19	<b>+extras</b> <b>design ideas</b> I think it needs a small box ramp so those learning can practice to ease themselves into the bigger one. Also a small straight ledge and straight rail would be awesome for kids to learn on	2/9/2021 4:04 PM
20	<b>design ideas</b> The ramps and banks on the left side seem like they would be way to harsh to ride. I'd recommend getting 'convic' to design the skatepark. They have made many good parks	2/9/2021 2:40 PM
21	<b>+extras</b> <b>+general</b> Any positive development to enhance the young members of our community is excellent . As I am a resident and required to drive , walk past this facility I wish to bring to your the attention the absolute need for a fence structure of some description on the street corner of the skate area . Particularly as younger people will be here. The seating at present is far from this area. T I have witnessed x 2 near incidents with children running out on the road ( requiring cars to stop) at the corner turn from Melville Street . . As a result I choose another road option to my residence . This is a busy corner with multiple sporting clubs down Tunnock Rd. Thankfully no fatalities to date.	2/9/2021 1:29 PM
22	<b>-location</b> It should be on the south side of tunnock road away from the bigger kids & closer to bbq & play ground	2/9/2021 1:25 PM

## Numurkah Skate Park Beginners Area - Community Survey

23	<b>+general</b> I think it's a fantastic ideas for the little ones	2/9/2021 1:08 PM
24	<b>+general</b> Would be good to see it be completed. We do need our skatepark to be bigger.	2/9/2021 9:00 AM
25	<b>design ideas</b> I think it would be handy to get a real skateboard park designer to help out with this. I have planned many holidays around going to good parks. This new design is about 30 years old. Please look up <a href="https://concreteskateparks.com/services/">https://concreteskateparks.com/services/</a> or <a href="https://grindprojects.com/">https://grindprojects.com/</a> to help out	2/9/2021 8:45 AM
26	<b>+general</b> Great idea for the safety of the little ones. More inclusive for all the community and allow the bigger ones a safer ride too.	2/9/2021 7:33 AM
27	The original skate park committee gave money to Moira Shire to hold for future extension of current skate park to build a beginners/young children's area. It is hoped these funds would be returned for the intended use.	2/8/2021 10:37 PM
28	<b>+general</b> Where is it going to be built?? Take up more park land	2/8/2021 10:18 PM
29	<b>+general</b> Would be great for the smaller riders as they sometimes get in the road of the older more experienced skaters. This new area would prevent some of the injuries to the young skaters.	2/8/2021 10:07 PM
30	<b>+general</b> It will be fabulous to have this addition in Numurkah. We have keen boys who love the skatepark but not when it is busy..they shy away when there is lots of people. Having this addition is much appreciated for the younger kids. Great work team!	2/8/2021 9:25 PM
31	<b>+general</b> This will be a very welcomed area for beginners.	2/8/2021 8:08 PM
32	<b>+extras</b> <b>design ideas</b> Could the design be more rounded at ends to blend a bit more rather than just another block of concrete	2/8/2021 7:43 PM
33	<b>+general</b> Hopefully this is just the start of further expansions. The kids will love it.	2/8/2021 7:03 PM
34	<b>+general</b> Great idea keep the kids away from the bigger people who are scary to our little one although would be good the see the other side get a update	2/8/2021 6:44 PM
35	<b>+general</b> Will be good for the youth	2/8/2021 6:35 PM
36	<b>design ideas</b> Too basic and boring, yes it's a beginner park but even children will get bored of that quick, needs a bowl off to the side. An actual half pipe boxes ledges grind rails something that attracts all bmx scooter skateboards etc to point building a little boring park when you can do it right The first time and build something good that will keep people going and attract riders from other areas to numurkah. When I was younger and use to ride bmx we would travel to skateparks and then into for lunch wether it be the bakery or something. Bring more money to the town.	2/8/2021 6:09 PM
37	<b>+general</b> Do it, You wouldn't... you're too scared	2/8/2021 5:53 PM
38	<b>+extras</b> Fence?	2/8/2021 5:48 PM
39	<b>+general</b> Hopefully its big enough to cater for the high volume of kids and adults that use the skate park. Especially the little ones. Our current skate park is too small and dangerous for the little kids when primary and secondary school kids are there	2/8/2021 5:22 PM
40	<b>design ideas</b> Very poor design. Looks like a early 90s skate park before they got skateboarders to design them.	2/8/2021 4:46 PM
41	<b>-location</b> <b>design ideas</b> The whole thing needs to be bigger & moved AWAY from the main roads!! Closer to the football field. I have actually seen a small child zoom straight out onto the road...This spot is ridiculous & I've seen better skateparks in towns half the size of Numurkah..	2/8/2021 4:32 PM
42	<b>+general</b> I think this is perfect. There's finally a safe space for young beginners to have a go without the fear of being knocked over by an older person/potentially injuring themselves on the bigger drops.	2/8/2021 4:23 PM
43	<b>+general</b> This is a great start, will be nice to see it progress. My child uses this a lot after school.	2/8/2021 4:09 PM
44	<b>design ideas</b> I think you should make something for the more better skaters like a new ramp	2/8/2021 4:06 PM
45	<b>+extras</b> I am concerned that this 'beginners area' will be used as an extension of the existing skate park and will not be available for the true beginners. Will there be a fence separating the 2 areas?	2/8/2021 3:34 PM

## Numurkah Skate Park Beginners Area - Community Survey

46	<b>+extras</b> <b>design ideas</b> A small flat rail to grind in the middle of the front ramps would be good, considering there isn't anywhere to practice or learn grinds at the park	2/8/2021 3:24 PM
47	<b>+general</b> Please do it	2/8/2021 3:18 PM
48	<b>+extras</b> Are there plans for adult seating along the edge? Beginners would be attending with parents.	2/8/2021 3:18 PM
49	<b>+extras</b> <b>+general</b> Any addition for the smaller kids is a plus. Needs more shaded areas for seating though.	2/8/2021 3:05 PM
