

APPLICATION FOR FREE UNWANTED FRUIT TREE/PLANT REMOVAL OR ERADICATION

Thank you for helping to control Queensland Fruit Fly, by requesting the removal/eradication of your unwanted fruit trees/plants. This offer is available to urban and rural property owners in the shires shown below.

The following conditions apply:

- All trees/plants requested for removal/eradication **MUST** be recognised fruit fly host plants.
- All trees/plants requested for removal/eradication on rural properties, must be in the vicinity of the residential premises or garden. Orchard trees are **NOT** eligible for removal through this program.
- This offer does **NOT** include stump removal.
- Trees/plants will be removed/eradicated by a qualified, independent contractor, nominated by the GMV Regional Fruit Fly Project.
- Timing of removal/eradication will be dependent upon demand for this offer.

Please complete this form and return it to Greater Shepparton City Council and you will be contacted by phone to discuss the arrangements for removal.
