Administrators' Introduction

It is a pleasure to introduce Moira Shire Council's 2024/25 Budget.

The 2024/25 Budget aims to solidify our future by focusing on the delivery of long-awaited, major community projects, maintaining, and enhancing existing assets such as roads, footpaths, bridges, parks, and gardens, and sustaining important community services.

Council's budget embodies our commitment to governance excellence, fiscal responsibility, and delivering for the community. It reflects our dedication to strong financial management, community engagement, and sustainable growth. During this cycle Council will prioritise initiatives to enhance accountability, transparency, and accessibility in decision-making.

In acknowledgement of the economic pressures that the community is currently facing, the Administrators understand the importance of responsible spending and efficient resource allocation, thereby ensuring minimal impact on residents. Resources are to be allocated to deliver long awaited, major projects to enhance residents' quality of life, to protect property, and to foster vibrant, inclusive spaces.

Important community services remain a priority, safeguarding residents' health, safety, and welfare. Despite external challenges, Council is committed to financial sustainability, employing proactive planning and project management to meet the community's evolving needs.

The capital works program for the 2024/25 is budgeted to be \$42.5 million. Ten projects make up 55% of this investment. Continuing to progress major community projects, such as the Yarrowonga Library, Events and Performance Precinct, the Yarrowonga Multisport Stadium, and the Numurkah flood levy, are a focal point for Council in 2024/25. To ensure good project delivery Council has reviewed the two major projects for the Yarrowonga community, ensuring integrity of the projects' budgets and a comprehensive delivery framework to avoid unnecessary and costly time delays.

Restoration efforts continue in the aftermath of the October 2022 flood - an event that significantly impacted our community both financially and structurally. Council remains committed to undertaking substantial restoration works to rectify the damage incurred, with this Budget seeing substantial investment in roads and culverts, including Stewarts Bridge Road.

Council will also invest in pedestrian accessibility, aimed at bridging gaps in our footpath network to vitalise connections within townships, education precincts, and prominent walking routes.

Council continues to seek external grant and funding opportunities to strengthen outcomes for the community and reduce reliance on ratepayers' funds. Therefore, a number of projects listed in the Budget are reliant on funding approval from an external funding body.

The Budget details the resources required over the coming year to fund many services that Council provides to the community, including:

- Civic Buildings Maintenance
- Community and Recreational Development
- Community Grants
- Drainage
- Maternal and Child Health
- Roads and Bridges
- School Crossing Supervision
- Building approvals and negotiation
- Parks and Gardens
- Asset Management
- Emergency Management

The 2024/25 budget seeks to strengthen our future by focusing on clearing a backlog of capital works, maintaining and improving our existing assets and enhancing our services to provide a sound financial future.

Beyond this work, the financial sustainability of Council is a key area of focus and we have included clear financial targets in this year's budget to be achieved by 2028. This will involve several significant bodies of work over the forthcoming period, aimed at structural budget adjustments. Administrators are determined to position the Council to be in a strong and financially sustainable position by 2027/28, and has established clear targets to achieve this.

To achieve the targeted financial indicators by 2027/28, Council will adhere to key principles over the next four years, influencing the development of various plans. This will include implementing new budgeting systems and identifying cost-saving opportunities, prioritising asset renewal over new investments and ensuring proper asset ownership and management. This will also include integrating a service planning framework to ensure services align with community expectations, considering factors like affordability and alternative service delivery models.

Council will also commence creating a new Council Plan during 2024/25 to redefine Council's focus in the coming years. This plan will be supported by a robust 10 year Long Term Financial Plan and Asset Management Plan.

In December 2023, the Minister for Local Government, Melissa Horne, introduced the Good Practice Guidelines for Service Rates and Charges, outlining standards for councils in determining these charges under the Local Government Act 1989. Understanding Council's alignment with the guidelines is a priority for Administrators, with council officers currently analysing waste and service charges to assess and achieve the level of compliance with results expected to inform the next 2025/26 budget cycle.

This budget lays a solid foundation for Council to achieve its long-term financial goals. With careful planning and strategic allocation of resources, we are confident in our ability to navigate future challenges while continuing to support our community. Together we will work to ensure a prosperous and sustainable future for all.

 **Median Age of Population**
48

 **Population Under 15 years**
5,396 (18%)

 **Families with Children**
7,579 (25%)

 **Population Born Overseas**
2,667 (9%)

Our Planning Framework

The Budget is a rolling four-year plan that outlines the financial and non-financial resources that Council requires to achieve the strategic objectives described in the Council Plan. The diagram below depicts the integrated strategic planning and reporting framework that applies to local government in Victoria.

At each stage of the integrated strategic planning and reporting framework there are opportunities for community and stakeholder input. This is important to ensure transparency and accountability to both residents and ratepayers.

What Council will deliver

The 2024/25 Budget is prepared in line with the Moira Shire Council Plan 2021-2025 five key strategic objective pillars. These pillars assist Council to make the most of our regional advantages and include aspects both internal to Council as well as those that are community aspirations.

PILLAR 1

A Welcoming and Inclusive Place

- Reactivate the Moira Youth Council.
- Development of a Road Safety Strategy and Action Plan.
- Development of the Cobram Punt Road Precinct Master Plan.
- Celebrate the diversity and achievements of the Moira Shire community with Australia Day Awards, Moira Shire STAR Community Achiever Awards, Citizenship Ceremonies, Cultural Diversity Week, and International Women's Day events and promotion.
- Engage with the Shire's youth community through delivery of the FreeZa and Live 4 Life programs.
- Development of the Yarrawonga Library, Events and Performance Precinct project.
- Increased investment in our local roads through road sealing, asphaltting, gravel roads and shoulder re-sheeting.

PILLAR 2

Diverse and Dynamic Economy

- Support arts and culture within the Shire by working with the four Art Hubs to support diverse events and activity across the Shire and continuing to implement Council's Arts and Culture Strategy 2020-2026.
- Undertake key compliance works at the Yarrawonga Aerodrome taxiway.
- Collaborate with businesses and industry bodies to develop a new Economic Development Strategy.
- Development of a plan for activating Thompsons Beach in Cobram.
- Complete initial works on a Housing Needs Analysis.
- Continue to deliver the Goulburn Valley Designated Area Migration Agreement (DAMA) initiative with Greater Shepparton City Council and Campaspe Shire Council.
- Continue to review Tourism Plans and arrangements with Tourism Organisations.
- Celebrate business achievement with the Moira Business Awards.

PILLAR 3

Clean Green Environment

- Continue to deliver Council's Environmental Sustainability Strategy 2022-2026.
- Undertake a Council building emissions assessment so prioritised carbon reduction measures to be implemented to reduce Council's carbon footprint.
- Transition to a four-bin kerbside collection with the introduction of the purple lid bins (glass collection).
- Develop an Open Space Strategy for Council's numerous parks, reserves and open spaces.
- Strategically map potential EV charge stations in townships to inform future development opportunities.

PILLAR 4

Customer Focused and Responsive

- Development of a Master Plan to inform the future use of the Yarrawonga Primary School Site, including traffic management conditions around the site.
- Contribution to the development plans for the Yarrawonga Botts Road and MVH Intersection.
- Development of a Customer Experience Strategy.

PILLAR 5

Transparent and Accountable Governance

- Enhance Council's direct debit solution to provide ratepayers with more flexibility when paying Council rates.
- Development of an Enterprise-Wide Risk Assessment and Internal Audit Plan through consultation with Council's new internal auditors
- Undertake a 'Leading the way' safety review on Council's OH&S practices.
- Perform a comprehensive review of Council's Workforce Plan and all supporting human resources policies and procedures.
- Deliver a Community and Civic Leadership Program.

Capital Project Delivery

Major Projects

Numurkah Flood Mitigation Scheme

Construction of the first stage of the Numurkah flood mitigation strategy, a levee on the northern bank of the Broken Creek. This project is documented as a high priority for implementation in the Goulburn Broken Regional Floodplain Management Strategy.

Yarrawonga Library, Event and Performance Precinct

Stage 1 will see the construction of a new state-of-the-art Library, community meeting spaces, gallery, foyer spaces and cafe with commercial kitchen. The expected completion date for Stage 1 is November 2025.

Yarrawonga Multisport Stadium

The Multisport Stadium will provide an exciting new facility for year-round participation in sports and activities for all ages, abilities and interest. Stage 1 includes modern two-court facility with change rooms, cafe, offices, and multipurpose rooms as well as outdoor courts.

Capital Project Delivery

Other Projects

Flood Restoration works to Council's Road Network

Projects and works to support the clean-up and restoration activities resulting from the October 2022 Victorian Flood event.

Numurkah-Naring Road / Numurkah Road / Tocumwal Road Intersection Upgrade and Heavy Vehicle Improvements

Upgrade of the intersection to improve the design and meet the demanding growth of the area. Stage 1 includes input of turning lanes, traffic island, public lighting, and improvements for pedestrian crossings.

Strathmerton Labuan Road Intersection

To improve road conditions and safety for residents and commuters, Council will remove the old Cobram rail line crest, install speed limit signs, seal Stokes Road, and implement traffic management measures. These upgrades, total an estimated cost of \$870,000.

Pedestrian Footpath and Shared Pathways

Across Moira Shire Road space is shared between pedestrian, cyclists, local traffic, farm machinery and large transport vehicles. Council will be prioritising Safe System principles to plan, develop and deliver effective treatments to significantly improve the safety of road users.

Corporate Performance	49.8	43.8	4.1	1.9
Sustainable Development	35.9	32.4	2.8	0.8
Infrastructure	122.5	110.9	4.4	7.2
Total staff	273.4	234.3	27.0	9.9

Financial Performance Indicators

The financial sustainability of Council is a key area of focus and we have included clear financial targets in this year's budget to be achieved by 2028. This will involve several significant bodies of work over the forthcoming period, aimed at structural budget adjustments.

Administrators are determined to position the Council to be in a strong and financially sustainable position by 2027/28 and has established clear targets to achieve this.

To achieve the targeted financial indicators by 2027/28, Council will adhere to key principles over the next four years, influencing the development of various plans. This will include implementing new budgeting systems and identifying cost-saving opportunities, prioritising asset renewal over new investments and ensuring proper asset ownership and management. This will also include integrating a service planning framework to ensure services align with community expectations, considering factors like affordability and alternative service delivery models.

To focus attention on the need for a financial management strategy to improve the financial performance of the organisation into the future, Council has identified a discrete target that we will aim for by 2027/28 to bridge the gap between the current financial situation and where Council aims to be.

ADJUSTED UNDERLYING RESULT

ASSET RENEWAL

WORKING CAPITAL

Revenue and How It's Spent

Capital Works

- Building and upgrading roads, bridges, and public buildings.
- Enhancing community facilities like parks and sports complexes.
- Improving essential utilities such as water treatment plants.

Waste Services

- Collecting and disposing of household waste.
- Implementing recycling and waste reduction programs.
- Managing hazardous waste and landfill operations.

Governance and Administration

- Enforcing local laws and regulations.
- Ensuring compliance with Statutory and Regulatory requirements
- Organising council meetings and maintaining records.

Recreation, Aquatics and Public Spaces

- Managing recreational facilities like pools and sports fields.
- Providing programs for leisure and fitness activities.
- Maintaining parks and public green spaces.

Maintaining Community Facilities and Assets

- Repairing and maintaining public facilities.
- Condition assessing Council facilities to inform future renewal programs.
- Ensuring accessibility and safety in public spaces.

Building and Planning

- Managing zoning regulations and development permits.
- Planning for urban growth and infrastructure needs.
- Ensuring compliance with building codes and safety standards.

Community Development

- Facilitating community engagement and participation.
- Supporting neighbourhood improvement projects.
- Providing resources for social services and welfare programs.
