POLICY

Significant research into child abuse in organisations has occurred over the last decade. Measures have been identified that reduce the risk of children being exposed to or experiencing harm. As a result, Victoria introduced compulsory minimum standards (Child Safe Standards) applicable to organisations that provide services for children to help ensure their safety.

Child Safe Policy

The seven Child Safe Standards are:

- Standard 1:** Strategies to embed an organisational culture of child safety, including through effective leadership arrangements
- Standard 2:** A child safe policy or statement of commitment to child safety
- Standard 3:** A code of conduct that establishes clear expectations for appropriate behaviour with children
- Standard 4:** Screening, supervision, training and other human resources practices that reduce the risk of child abuse by new and existing personnel
- Standard 5:** Processes for responding to and reporting suspected child abuse
- Standard 6:** Strategies to identify and reduce or remove risks of child abuse
- Standard 7:** Strategies to promote the participation and empowerment of children

Council is committed to acting in children's best interests, with a zero tolerance to child abuse and commitment to creating and maintaining a child safe and child friendly environment where all children feel safe and protected from abuse. All children in Moira Shire have a right to feel and be safe, with the adoption of a Child Safe culture being a Council wide responsibility.

Council has dedicated Child Safe Champions supporting the implementation of this Policy. Council's Child Safe Champions are:

- Team Leader Maternal and Child Health and Immunisation
- Team Leader Community Services
- Manager Organisational Development
- Team Leader Human Resources

- Welcome children with a disability and their families and act to encourage their participation

2. Recruiting Staff and Volunteers

Council will implement accurate and effective screening tools during the recruitment process to employ suitable staff and volunteers; this will include robust reference checking and criminal history checks, and working with children checks for appropriate positions within the organisation.

3. Training and supporting Staff and Volunteers

Training and education is important to ensure that everyone understands that child safety is everyone's responsibility with the organisation. All staff will be made aware of their obligations and expectations of working in a child safe organisation via Council's Code of Conduct, employee induction, awareness and training sessions.

Child Safe Policy

4. Risk Management

Council recognises the importance of a risk management approach to minimising the potential for child abuse or harm to occur and use this to inform our policy and procedures.

In addition to general occupational health and safety strategies, Council will proactively manage risks of abuse to children and ensure they comply with the Child Safe Standards.

5. Reporting

Council is committed to complying with all legal requirements regarding child safety concerns and where an alleged / suspected incident occurs.

Council has reporting and responding procedures for Council staff, Councillors, and Volunteers who have a reasonable belief that a child is at significant risk of harm (abuse or neglect).

Council takes allegations of abuse seriously and will investigate all allegations fairly and appropriately to protect and support the health and wellbeing of children.
